WARRANT FOR TOWN MEETING

STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Alton, in the county of Belknap, in said state, qualified to vote in town affairs:

You are hereby notified to meet at the town house in said Alton, on Tuesday, the ninth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1 To see what sum of money the town will vote to raise and appropriate to pay all necessary charges of the town for the year ensuing.

Article 2 To see if the town will vote to raise and appropriate $3,207.00, the amount of money necessary to secure federal aid for the permanent improvement of highways, agreeable to Chapter 93, Laws of 1915 and Chapter 162, Laws of 1917.

Article 3 To see if the town will vote to raise and appropriate $2,150.00, the amount of money necessary to secure trunk line and state aid maintenance for the care of highways, agreeable to Chapter 133, Laws of 1911.

Article 4 To see if the town will vote to accept the provisions of Chapter 117, Laws of 1917, on a section of the Winnipesaukee and Suncook Valley roads, so called, and appropriate or set aside from the amount raised for highway work the sum of $1,200.00 for that purpose.

Article 5 To see what sum of money the town will vote to raise and appropriate to be expended on Spring street. (By request.)

Article 6 To see what sum of money the town will vote to raise and appropriate for the repairs of highways and bridges for the year ensuing, in addition to that required to be raised by law.

Article 7 To see if the town will authorize the selectmen to borrow necessary moneys in anticipation of taxes.

Article 8 To see if the town will vote to raise and appropriate the sum of $4,200.00, the amount of money necessary to purchase the tractor and snowplow now leased by the town of the Mead, Morrison Co.

Article 9 To see what sum of money the town will vote to raise and appropriate for the decoration of soldiers' graves.

Article 10 To see what sum of money the town will vote to raise and appropriate for the maintenance of the public library, in addition to that required by law.

Article 11 To see if the town will vote to raise and appropriate the sum of $400.00 to be expended under state supervision for the control of the white pine blister rust.

Article 12 To see what sum of money the town will vote to raise and appropriate to apply tarvia to School, Church and Factory streets.

Article 13 To see if the town will vote to raise and appropriate the sum of $6,500.00 on long term notes at the discretion of the selectmen to purchase a combination fire engine and chemical and to appoint the three fire wards a committee of three to purchase the same. (By request.)

Article 14 To see if the town will vote to buy the bonds for the bonded town officers.

Article 15 To see if the town will vote to discontinue the old road at Minge Cove, so called, beginning at the easterly end of the new road called the cut-off and running to the land of Arthur D. Rollins; also beginning at last named bounds to discontinue the road subject to gates and bars to the new road at the westerly end of said cut-off near the buildings known as the Seth Grant homestead.

Article 16 To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass any vote relating thereto.

Article 17 To choose all necessary town officers for the ensuing year and to elect one selectman, one water commissioner, one library trustee and one trustee of trust funds for the ensuing three years.

Given under our hands and seals this twentieth day of February, 1926.

HERBERT E. HAYES,
IRVILLE T. PROCTOR,
OSCAR E. DAVIS,
Selectmen of Alton.

A true copy of warrant, attest:

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Alton:

This is my thirteenth annual report as superintendent of the Alton public schools. Many changes have taken place in the school system during that time of which you are mostly familiar. The school buildings have been enlarged, renovated, painted, and put in No. 1 condition with the exception of the Walker schoolhouse. That will need to be painted inside and some repairs made this summer. School boards have had the interest of the schools at heart and given to the schools many times more than that for which they have been paid. The teachers as a whole have held the schools to a much higher standard than their salaries would indicate possible. The citizens have liberally supported the schools, making a name educationally for Alton throughout the state. The continuation of this united effort and spirit on the part of all of us will guarantee for the future the same high standards of the Alton schools.

TEACHERS

Three vacancies were filled in the teaching force for the present school year, the principalship of the high school, teacher in charge of the junior high room and of manual training for the grades, and teacher of the Mountain school. Two rooms were overloaded with pupils this year; about 40 in the grammar room and nearer 50 in the fifth and sixth grade room. We are fortunate to have teachers who can handle so many and get good results. In fact, wherever there is failure on the part of school officials or teachers, it is due to lack of knowledge or ability rather than to any lack of devotion or interest in their work.

May I say here very plainly without any criticism of any past, present, or future principal of our high school, that the standard of the Alton high school, and

the number of pupils, together with the administration of the grades in the same building, demands a man with not less than five years' experience in teaching and administration. If you add to that the ability to hold up the agricultural course to the Smith Hughes standard and watch the projects at least eleven months in the year, you are demanding an expert in agriculture and an expert in administration. That kind of a fellow demands a higher salary than we have been ready to pay or had the appropriation to meet. If we could pay $1,800-$2,000 plus whatever we might need to use out of the Smith Hughes money for the salary of the principal, we might avoid some of the criticisms for lack of experience for which no one is particularly to blame.

SCHOOL FUNDS AND SCHOOL COSTS

According to the number of schools in operation, there has been very little change in costs for the last five years. The school officials have practiced rigid economy. They have made the school money go as far as possible in gaining the best returns. However, the raising of property valuation has reduced materially the amount of state aid. That means we must furnish the difference if we are to maintain standard schools. The budget sheets will have a full explanation and may be presented at the annual meeting. It is the duty of school officials to make a careful budget of the needs of the schools and make them as clear as possible to the citizens. The responsibility of raising the amount needed rests with the district.

SCHOOL PROGRAM AND OUTSIDE ACTIVITIES

The regular school work in all of the grades goes on as usual with good success. The work of the high school in the academic subjects in agriculture, domestic arts, manual training, music, is commendable. The outside activities, athletics, orchestra, dramatics, socials, public exercises and entertainments, and playground activities, have much to do with the cultural training of

our boys and girls and the proper understanding of co-operative living in a democracy. The attitude of Alton citizens toward their schools, has always been most encouraging and commendable.

STATISTICS

For the sake of those who like to make comparisons from year to year, I give below the usual statistics. The number of pupils remains about the same as for the last two years both in the high school and in the grades.

Total registration for the school year 1924-1925 was 222; 113 boys, 109 girls. The average membership was 200; average attendance, 188; per cent of attendance, 94. The number not absent or tardy was 18. The Walker school came near getting through the year without a mark on the register. Tuition pupils, one elementary; six secondary. Visits by school board members, 10; by the superintendent, 315; by citizens, 203. The registration for the present school year is almost the same as last year.

CONCLUSION

No institution of a public nature is able to do its work and bear its responsibilities without criticism. Criticism that comes from ignorance is almost always harmful. Criticism that is intelligent and constructive is almost always helpful. The schools of Alton belong to the people of Alton and the school officials, teachers and pupils together are trying to make them as useful as possible. We ask that the fine cooperation accorded the schools by the citizens of Alton be continued.

Respectfully submitted,

F. U. LANDMAN, Superintendent.
